Smith, a veteran music producer and engineer, has worked with some of the biggest names in the music industry, including Bruce Springsteen, Bob Dylan, and the Rolling Stones. In *Making Records*, he shares his insights and experiences, giving readers a unique glimpse into the world of music production.

The book is divided into three parts. The first part, "The Creative Process," explores the different stages of the songwriting process, from brainstorming ideas to writing lyrics and melodies. The second part, "The Recording Process," takes readers inside the recording studio, where they'll learn about the different equipment and techniques used to create a polished recording. The third part, "The Business of Music," covers the business side of the music industry, including topics such as marketing, promotion, and distribution.

Making Records is a fascinating and in-depth look at the creative process of making music. With exclusive interviews with some of the biggest names in the music industry, the book is an essential read for any music lover or aspiring musician.
