Shadow Matching: What Doesn't Fit? is a fun and educational game for children or 2 year old toddlers. The game helps children develop their cognitive skills, such as problem-solving, visual discrimination, and spatial reasoning. The game also helps children learn about different animals and their shadows.

How to Play

The game is played on a board with 12 different shadow shapes. Each player has a set of 12 animal cards. The players take turns flipping over an animal card and placing it on the board in the shadow that it matches. If the player places the card in the correct shadow, they keep the card. If the

player places the card in the wrong shadow, they put the card back in their hand.

The game continues until all of the animal cards have been placed on the board. The player with the most cards at the end of the game wins.

Benefits of Playing

Shadow Matching: What Doesn't Fit? has many benefits for children. The game helps children develop their cognitive skills, such as:

- Problem-solving
- Visual discrimination
- Spatial reasoning
- Hand-eye coordination
- Memory
- Language

The game also helps children learn about different animals and their shadows. This can help children develop their vocabulary and their knowledge of the natural world.

Shadow Matching: What Doesn't Fit? is a fun and educational game for children or 2 year old toddlers. The game helps children develop their cognitive skills, learn about different animals, and develop their language skills. The game is also a great way for children to socialize and have fun.
