Unlock the Power of Positive Reinforcement

At the heart of our method lies the principle of positive reinforcement, where rewarding desired behaviors leads to their repetition. Embrace the power of treats, praise, and games to motivate your puppy towards success.

Step-by-Step Training Plan:

Day 1:

1. Establish a designated potty area.
2. Take your puppy to the potty spot frequently (every 30-60 minutes).
3. Reward your puppy lavishly for going potty in the designated spot.
4. Ignore accidents and focus on rewarding success.

Days 2-5:

1. Continue taking your puppy to the potty area frequently.
2. Gradually increase the time between potty breaks.
3. Start introducing verbal cues like "go potty" to signal the desired behavior.
4. Praise and reward your puppy for proper elimination.

Days 6-10:

1. Further increase the intervals between potty breaks.
2. Supervise your puppy closely, especially after meals and naps.
3. Redirect your puppy to the potty spot if you notice any signs of elimination.
4. Celebrate your puppy's progress and reduce the frequency of rewards gradually.
