The Origins of a Marvelous Family

The year was 1961 when Stan Lee and Jack Kirby, two visionary creators at Marvel Comics, unleashed upon the world a team of explorers unlike any other. Dr. Reed Richards, the brilliant scientist; Sue Storm, his beautiful fiancée; Johnny Storm, her reckless younger brother; and Ben Grimm, their gruff and loyal pilot, became the Fantastic Four after an extraordinary encounter with cosmic rays during a space mission.

Each member gained extraordinary abilities: Reed could stretch and contort his body into any shape; Sue rendered herself invisible and created force fields; Johnny blazed with fire and could fly; and Ben transformed into the rocky, super-strong Thing. Together, they formed an unbreakable bond, vowing to protect Earth from threats both near and far.
