A Legacy of Unwavering Determination

The "Hidden Figures Young Readers Edition" delves into the lives of three remarkable women:

1. **Katherine Johnson:** A mathematical prodigy who calculated flight paths and trajectories, enabling astronauts to orbit the Earth and land on the Moon.

2. **Dorothy Vaughan:** A brilliant mathematician and supervisor who led the team that developed the software used for NASA's early space missions.
3. **Mary Jackson:** An engineer who shattered barriers and became NASA's first African American female engineer, paving the way for women in STEM.

The book vividly portrays the challenges these women faced as African Americans and women in a male-dominated field, yet it is their resilience, determination, and unwavering passion for their work that truly shines through.

Igniting a Spark of Inspiration

The "Hidden Figures Young Readers Edition" is not just a story of historical significance; it is a powerful reminder of the transformative power of representation and the importance of empowering girls and young women in STEM.

By showcasing the accomplishments of these extraordinary women, the book aims to:

- Inspire a new generation of scientists, engineers, and mathematicians.
- Challenge stereotypes and promote gender equality in STEM fields.
- Foster a sense of empowerment and self-belief among young readers.

The stories of Katherine Johnson, Dorothy Vaughan, and Mary Jackson serve as a beacon of hope, demonstrating that with hard work,

perseverance, and the support of others, anyone can overcome obstacles and achieve their dreams.

Making History Accessible to Young Readers

The "Hidden Figures Young Readers Edition" is meticulously crafted to engage and educate young readers. The book features:

- Stunning illustrations that bring the women and their stories to life
- Age-appropriate language and vocabulary
- Explanations of complex scientific concepts
- Interactive activities and discussion questions

Through its engaging narrative, the book seamlessly weaves historical facts with themes of courage, determination, and the pursuit of excellence.

A Timeless Tale of Empowerment

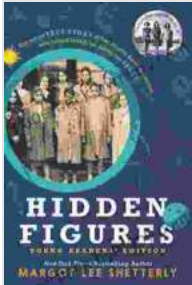

In a world where diverse voices often go unnoticed, the "Hidden Figures Young Readers Edition" shines a light on the significant contributions of African American women in STEM. The book serves as a testament to their unwavering spirit and the transformative power of inclusivity.

By sharing these extraordinary stories with young readers, we empower them to embrace their own dreams, regardless of their background or gender.

The "Hidden Figures Young Readers Edition" is a must-read for any young person who aspires to make a difference in the world. It is a story that will inspire, motivate, and empower readers to pursue their passions and break

down barriers. In the words of Dorothy Vaughan, "Don't let anyone tell you you can't do it."

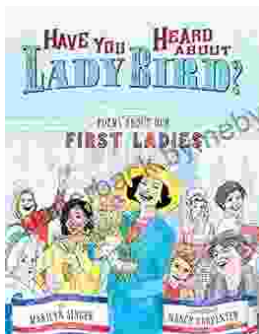

Let us continue to celebrate the unsung heroes of our history and build a future where every individual has the opportunity to reach their full potential.
